MEMORANDUM FOR: Chief, Executive Staff, O/DDI

SUBJECT : Survey of Relations with State

1. As you requested we have reviewed our relationships with State--specifically INR, the Bureaus and embassies. Some of our specific activities include:

a. Contacts among INR and OSR analysts are frequent and wide ranging. Coordination of CIB articles, NIE's, NSSM's and other intelligence materials is the principle reason for these contacts. All OSR divisions have some contacts with INR elements.

b. Contacts with State Bureaus have been less frequent. We have had some relationships with three bureaus--Politico-Military Affairs, East Asian Affairs, and European Affairs in coordinating NSSMs [redacted]

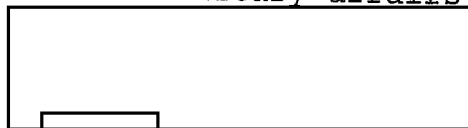

[redacted] In addition, we have had dealings with ACDA on MBFR and SALT matters.

2. I feel that rotational assignments with the State Department will have benefits for State and OSR. We would be interested in exploring the possibility of placing an OSR analyst in the Bureau of Politico Military Affairs as one example. There are a number of elements in INR which are engaged in comparable activities which offer possibilities for OSR analysts such as the Office of Strategic and General Research. We would welcome the assignment of an INR analyst to OSR. We would have particular interest in analysts with backgrounds in politico-military affairs.
